We've heard many of you are frustrated with your election websites — you share a website with other departments, or need tech support to make updates, or it isn't as user-friendly and accessible as you'd like. Here at CTCL, we partner directly with election offices to implement our [election website template](#), designed to be user-friendly, accessible, and easy to update.

Would your office be interested in partnering with CTCL in 2021 to implement our election website template? (If not, what has your experience been with your election website?)

No, we just implemented a new website and our IT is very supportive.

Many of you asked to share photos of how you spent the grant funds. While this is completely optional, we welcome any photos (or other documents) you'd like to send our way!
